& Construction CC

Company Profile

IOPSA Co. Member
PIRB Licensed Plumbers
QCTO Qualified Plumbers
Level 4 BBBEE
Co. Reg. 2011/055544/23
VAT Reg. 4610287718

Our portfolio

We provide plumbing and maintenance solutions for numerous shopping centres, insurance groups, schools, estates, complexes, body corporates, managing agents, estate agents, contractors, private owners and domestic clients. We have revamped bathrooms and installed countless water reticulation systems for both domestic and commercial applications within Gauteng.

IOPSA

Registered Company Member

Proudly registered with The Institute of Plumbing South Africa, being a member is important for the good of our industry. It is the institute's objective to generally watch over, promote and protect the interests of its members and to encourage and promote a plumbing regulator environment through the upholding, upliftment and abiding of the South African Plumbing Industry installation and product standards, be it mandatory or voluntary. Great importance is attached to skills development and the maintenance of standards.

QCTO

Qualified Plumbers

Our team has years of full-time, practical, hands-on experience of the plumbing trade and have gone through extensive training to become Qualified and Registered Professionals through the Quality Council for Trades and Occupation. The K LW team has experience in both residential and commercial plumbing applications, such experience also includes the installation, maintenance, repair and testing of water reticulation systems, main water supplies and main drainage systems of large residential properties.

PIRB Licensed Plumbers

Our team members are proudly registered with The Plumbing Industry Registration Board. Many and increasingly more Metropolitans, Local authorities and Insurance Company's require that any person working on plumbing works within their jurisdiction or being part of their panel plumbers must be registered with the Plumbing Industry Registration Board. It is illegal for any person who works on plumbing installation if he/she is not a qualified plumber or not working under the adequate supervision of a qualified plumber.

How can we be of service
